

BUCKET 30L-550L

BUCKETS 30L-550L

Buckets from ABL CE are made for heavy and ruff environments. ABL buckets are very popular and are characterized by an optimized design for effective penetration into the material. All buckets are plate-rolled which means the inside surface prevents accumulation of material.

ABL CE, can in this range as standard offer buckets from **40L** to **550L**

Widths from 300mm to 850mm. As standard all our buckets will be delivered with teeth and quick connection of the type S30-S60.

Option teeth / cutting equipment

- Blade Tooth / plane cuts attached / welded on bucket teeth
- Front Drawn cut without teeth

Advantages

- + Durable
- + Excellent penetration
- + Smooth inside
